BILLY BOB

These inhumanly funny Electronimated® characters will present a totally different show every few minutes. Headed by Rolfe de Wolfe, the M.C., with his hand

puppet agent, Earl Schmerle, the cast includes girl singer Mitzi Mozzarella, drummer Duke LaRue, pianist Fats, guitarist Beach Bear and the hilarious Looney Bird. Most of the instrumentalists also sing and they all get in on the comedy.

According to Billy Bob Brockali, "Once these giant characters get to work, you'll swear they're alive!" The Jacksonville, Florida, critic called it a Dinner Theatre for Children, but the Kansas City critic pointed out that adults enjoy it as much as their kids.

YOUNG FLORIDA INVENTOR SHOWED GENIUS AT AGE 4

AARON FECHTER

Aaron Fechter, whose Florida-based company, Creative Engineering, Inc., makes and programs the Electronimated entertainers for ShowBiz Pizza Place, showed promise at an early age. At 4, he took radios apart. At 5, he put them back together again. At 11, he had a TV repair business but, he says, "I had to close that down because I couldn't lift the sets!"

Fechter graduated from the University of South Florida at 19 and built his first Electronimated show at the age of 21.

GLAMOROUS SONGSTRESS LOVES TRAVEL

"THE SWEETHEART
OF PIZZA PIE"

In an exclusive interview with Mitzi Mozzarella, the girl vocalist with ShowBiz Pizza Place's Rock-Afire Explosion, Ms. Mozzarella revealed a secret desire to appear in your city ever since her vaudeville days when she toured this area with "The Cheesettes", an all-girl band.

Also known as "The Sweetheart of Pizza Pie", she said she had a particular liking for this part of your state and is looking forward to making many new friends here. "Incidentally," she added flirtatiously, "I am single."

POPULAR PIANIST NO OVERNIGHT SUCCESS

"THE KING KONG
OF THE KEYBOARD"

Fats, lead vocalist and keyboard artist, has turned out to be the surprise star of The Rock-Afire Explosion but says it has been a long, hard road to his present success.

"I played for peanuts for more years than I care to mention", Fats smiled, "but I know that those years have paid off and I'm pleased with the reception I've received at ShowBiz Pizza Place."

With a smile he added, "It could be that I have this job because I'm the only one who can carry the piano!"
